# An internet Gateway near you

A new actor is born to enable project holders and investors to get together in one unique place, to exchange and decide on the future of a concept or idea.

[www.privatetarget.com](http://www.privatetarget.com), through the choice of the media rich internet and it's worldwide outreach, makes the

internet a long term strategic ally that accelerates the investment process. In few key steps, entrepreneurs and investors will be able to establish a reactive and productive collaboration.

[www.privatetarget.com](http://www.privatetarget.com) will then become the investor's partner, and ensure the

entrepreneurs that their added value will be appreciated to its utmost. That is the web-site's purpose.

[www.privatetarget.com](http://www.privatetarget.com) invites you to discover a centralization of Talents !
